Hi Justin – we are looking forward to tomorrow’s briefing – as you can see, the package of materials is the same, but for one new, short update – details below.

Thanks,
Karin

All - This treaty rights briefing was rescheduled from last month (2/28), to Wed 3/15 at 4 p.m. As such, the materials listed below (and attached again here) did not change, **EXCEPT** for one additional document. The word document that contains “**cover note**” in the file name is a new document, containing updated information; the rest of the documents we previously submitted.

I point this out in case Kevin/Justin had already reviewed the materials (and if the printed information is still around!) The only new information is that contained in the cover note.

Thanks,
Karin

Subject: Tribal Rights Briefing materials for Kevin and Justin

Hi all – CCILO and WLO are on the calendar for Tuesday (2/28) at 3 p.m., to provide a background briefing on tribal treaty rights for Kevin and Justin, in advance of additional briefings in the near future that will require decisions on particular matters.

We are sending this information early given the volume of material. The primary briefing paper is the word document; the PDF files should be placed behind the briefing paper in their notebooks, as they are both for reference and background if they are interested in reading further.

If possible, the best order for the materials in the notebook are as follows:

- (1) Word doc: Tribal Treaty and Reserved Rights Briefing FINAL
- (2) Tribal Treaty Rights Guidance
- (3) [REDACTED]
- (4) [REDACTED]

Please feel free to contact me if you have any questions!

Thanks,
Karin
